SEQRA	State Environmental Quality Review Act
VOC	Volatile Organic Compound

1.0 INTRODUCTION AND OBJECTIVE

This Public Participation Plan (PPP) has been prepared by C.T. Male Associates Engineering, Surveying, Architecture, Landscape Architecture & Geology, D.P.C. (C.T. Male) on behalf of Shelter Enterprises, Inc. (hereinafter referred to as “SEI” or “applicant”) to fulfill and comply with the requirements of New York State Department of Environmental Conservation (NYSDEC) Commissioner Policy 29, Environmental Justice and Permitting (CP-29) for their proposed renewal of an expired Air State Facility Permit for an existing manufacturing operation. SEI is a manufacturer of Expanded Polystyrene (EPS) building material products for residential, commercial, and civil markets. The facility’s previous Air State Facility Permit (4-0103-00057/00002) expired on June 22, 2021 and SEI is seeking to reinstate the permit. This permit is being evaluated by NYSDEC on any potential impacts to one or more environmental justice areas (PEJA) (See Figure 1).

This PPP has been developed in accordance with the procedures established in CP-29 Section V.D and it aims to help ensure meaningful and effective public participation throughout the NYSDEC environmental permit review process. Public participation in the NYSDEC environmental permit review process means a program of activities that provides opportunities for stakeholders to be informed about and involved during the review of a proposed action.

The objective of this PPP is to outline and describe the program of activities that the applicant will implement to actively seek and enhance public participation during the application review process.

2.0 PROJECT DESCRIPTION AND PROPOSED ACTION

2.1 Project Overview

SEI is a manufacturer of EPS building material products for residential, commercial, and civil markets. The facility’s previous Air State Facility Permit (4-0103-00057/00002) expired on June 22, 2021 and the applicant seeks to reinstate a State Facility Permit to continue operations as previously permitted.

Operations at the facility is the process of converting EPS resins into EPS foam blocks across three main stages: Pre-Expansion, Aging, and Molding. During the Pre-Expansion process the EPS resins are introduced to steam which soften the beads, allowing them to expand in volume in a vessel. The Pre-expansion machine was replaced in 2016, upgrading the latest industry technology. Upon increasing in volume the beads enter the aging phase, where they are stored in silos allowing for the extraction of pentane into a Regenerative Thermal Oxidizer (RTO). The RTO has been in operation since July 2013, replacing a Steam Generating Thermal

C.T. MALE ASSOCIATES

Oxidizer (SGTO). Upon the completion of aging, the beads are transferred to a molding machine with a cavity of 54" x 48" x 211". During the molding process the singular beads are fused together to make a large block within the above dimensions. The block molding machine was replaced in 2018 upgrading to the latest industry technology. Facility operations also include a 6 Million British Thermal Units per hour (MMBTU/hr) natural gas-fired boiler which qualifies as an exempt emission source.

2.2 Nature of Proposed Project/Action and Purpose

Emissions from the facility's EPS manufacturing operations were calculated based on the annual bead usage at the facility and pentane content of the products used. Pentane is a volatile organic compound (VOC) contained within the raw material (beads) and is the only VOC that is emitted during the operation. SEI currently operates Process 001 with various grades of pentane containing beads. Emissions from the various unit operations are calculated based on the percentage of pentane lost during that step.

In order to meet the requirements of 6 NYCRR Part 212, the RTO was installed in 2013 to control VOC emissions. The unit is a 5,000 SCFM system that will provide a minimum 95% destruction efficiency of VOC (pentane) as demonstrated through stack testing. The facility previously obtained a permit with a cap of 99,000 pounds (49.5tons) VOC per year to cap out of Title V and seeks to reinstate the requirements of that expired permit.

The emission calculations take into account the pentane released during expansion, aging, and mold operations at the facility, and estimate the exhaust from each of these operations routed to the RTO as well as the emissions from these operations which are not captured and routed to the RTO.

2.3 Potential Impacts

A Full Environmental Assessment Form (EAF) for the project has been completed and is included in Attachment A.

1. Impacts on Land/Plants/Animals: The project will not result in additional land disturbance as no construction is proposed as part of the action. The facility complies with applicable zoning and land use standards within this portion of the City of Cohoes.
2. Impacts on Air: The project will not result in any new air emission sources, as the facility was previously operated under a State Facility Permit which subsequently expired. SEI has prepared and submitted a NYSDEC Air State Facility Permit Application, which included a description of the air emission control equipment

C.T. MALE ASSOCIATES

and an Air Dispersion Modeling analysis to assess the potential impacts in comparison to state and federal air standards.

3. Impacts on Energy: The project will not result in any additional consumption of energy, as no change to existing operations is being proposed. There is existing infrastructure with adequate capacity to service the facility.
4. Impacts on Noise and Odor: SEI has a long standing operation at the facility, and neither noise nor odor complaints have historically occurred at the facility.

2.4 Impact Mitigation

The facility is designed to mitigate identified potential impacts such that the impacts are not significant or adverse. Impact mitigation includes the following:

- Fully enclosed manufacturing facility with engineered air emission capture and control equipment including a thermal oxidizer to maintain air emissions below regulatory threshold.

3.0 STAKEHOLDER IDENTIFICATION & CONTACT LIST

A contact list consisting of the names, addresses, or email addresses of stakeholders to the proposed action is provided in Appendix A. The contact list includes individuals and organizations with a direct stake in the proposed action and people and individuals and organizations that have expressed interest in the proposed project or similar projects affecting the same community.

The current contact list has been developed in consultation with NYSDEC by identifying stakeholders from the following categories: local government and elected officials; business owners, residents, and occupants; local civic, community, environmental and religious organizations; local news media; administrator/operator of any school or day care that live, work and/or represent a neighborhood or community within the vicinity of the project area (See Figure 1).

The applicant will utilize this contact list to communicate and disseminate information about the proposed project/action and permit application review process to the affected community and stakeholders. At minimum, this includes distribution of the written information and outreach materials described in Section 5 to inform the community about an upcoming public meeting and opportunities for public participation.

The contact list will be reviewed periodically and updated as appropriate throughout the permit application review process. The applicant will update the contact list with

C.T. MALE ASSOCIATES

any new stakeholders identified during the public meeting or execution of other PPP components. In addition, individuals and organizations will be added to the contact list upon request. Such requests should be submitted to the project liaison identified in Section 4. Other additions to the contact list may be made at the discretion of the applicant or, at the request of the NYSDEC project manager, in consultation with other NYSDEC staff, as appropriate.

4.0 PROJECT LIAISON

A representative of the project team will be available during normal business hours at:

- Dustin Pusatere, Vice President
518-237-4100
DustinP@shelter-ent.com
8 Saratoga Street, Cohoes, NY 12047

Impacted residents and interested stakeholders can contact the project liaison listed above to provide input to the project team, discuss any issues or concerns and/or to ask questions or request information. The project liaison shall respond in a timely manner and in the manner appropriate to question or information request received. The project liaison will be responsible for tracking and documenting public input, inquires, questions, and information requests received, along with responses provided.

5.0 PUBLIC OUTREACH ACTIVITIES

The applicant will utilize a range of engagement strategies and conduct various public outreach activities to attempt to facilitate participation, involvement, and direct communication with the affected community during the permit application review process. The applicant will implement the public outreach activities outlined below upon finalization and approval of this PPP by NYSDEC.

In compliance with the requirements of CP-29, the applicant will hold a public information meeting to keep the public informed about the proposed action and the environmental permit review process. At a minimum, the applicant will prepare, distribute, and post written information and materials, including a meeting notice and fact sheet, to encourage dialogue and solicit input from interested stakeholders during the permit application review process. In addition the applicant will make all pertinent documents available on their company website (www.shelter-ent.com) to supplement the minimum requirements. All public outreach materials and information will be prepared and presented in an easy-to-read, understandable format, using plain language free of legal terminology, and geared towards a non-technical

audience.

The public meeting notice and fact sheet will be made available and disseminated in English. In addition, the public can contact the project liaison regarding the availability of language assistance and to request that the notice and fact sheet are translated into another language for comprehension by non-English speaking or limited proficiency stakeholders.

5.1 Public Meetings

Based on correspondence from NYSDEC, one public meeting must be conducted to satisfy the intent of CP-29.

- a. At the discretion of DEC and, depending on the scale and nature of a project, one or more virtual public meeting(s) must be conducted to satisfy the intent of CP-29.
- b. A meeting is typically required near the end of the permit application review process to inform the public about: the status of, or, if applicable, the availability of, final application materials and draft permits for review; the pending NYSDEC public comment period, and deadline to submit written comments to NYSDEC, if established; and eventual final decision. Meetings may also be held earlier, either pursuant to this plan or possibly even earlier during the initial design phase. If meetings were held prior to submission of this PPP, a summary of them should be included as an appendix.

The Applicant will facilitate a public meeting on 8/28/2024 to:

- Inform the public about the proposed project/action and permit application review status.
- Provide the opportunity for stakeholders to ask questions and express concerns about the project and identify how to obtain information or answers to questions after the meeting has concluded.
- Inform attendees how they may submit written comments on the permit application to the NYSDEC during the public comment period and, if available, identify any applicable deadlines.
- Meeting Details:
 - Date: 8/28/2024
 - Time: 5 PM

- Location: Cohoes Senior Center (Dinning Room)

5.2 Necessary Meeting Discussion Points and Requirements

All meetings will be facilitated by the applicant and/or representatives from their project team (project personnel). During the meeting, the applicant and/or representatives from their project team will present a brief overview of the project, including any relevant background information, details on the permitting action, scope of work, schedule, and community impacts. The second part of the meeting will include a question and answer portion where the floor will be open for attendees to ask questions, make remarks, and/or express concerns. In addition, the following discussion points will be addressed:

- Provide an update on the permit application review process and identify outstanding application requirements and future milestones in the application review process.
- Make it clear that the meeting is being held prior to NYSDEC's permitting decision for the project/action.
- Identify the location(s) of the document repository/repositories and provide directions on how attendees may obtain and review materials relevant to the application, documents related to the meeting and other public participation plan components.
- Identify and provide contact information for the project liaison and announce procedures for how attendees may obtain answers to questions after the meeting has concluded and interested stakeholders can submit questions, express concerns, or request additional information by telephone, email, and in writing.
- Announce any future outreach, opportunities for public participation, and /or required follow-up with attendees including, but not limited to: additional meetings and future mailings, including, but not limited to the Notice of Complete Application.

Attendance will be recorded during all meetings. The applicant will track the number of attendees for all meetings held during implementation of this PPP and, where feasible and applicable, identify any affiliation of participants and interests represented at the meeting. In addition, the applicant will be responsible for documenting meeting notes or minutes, along with a record of comments and questions raised in the meeting and respective responses and answers provided. Attendees not identified on the contact list will have the option to be added in the event of future meetings or information sharing.

C.T. MALE ASSOCIATES

Public Meeting Notice Preparation and Distribution

Once the PPP has been approved by NYSDEC the public meeting notice will be posted and available in the online document repository described in Section VI of this document. At least two weeks in advance of the public virtual meeting, the notice will be published in the The Troy Record which is a weekly newspaper printed, published, and circulated daily in Albany County. In addition, the public meeting notice will be emailed, mailed and/or hand delivered (door-to-door) to the stakeholders identified in the contact list in Appendix A at least two weeks prior to the public virtual meeting.

5.3 Fact Sheet Preparation and Distribution

Factual information on the proposed project/action, including an overview, purpose statement, and potential impacts, is outlined in the reader-friendly fact sheet shown in Appendix C. In addition, the fact sheet outlines how interested stakeholders can: participate in the permit application review process; access the online document repository to review relevant application materials prior to the public meeting; and contact the project team to obtain additional information.

Once the PPP has been approved by NYSDEC the fact sheet will be posted and available in the document repository described in Section 6 of this document. No later than 2 weeks prior to the public meeting, the applicant will distribute the fact sheet to provide stakeholders with relevant background on the proposed project/action and facilitate meaningful participation during the meeting. The fact sheet will be distributed together with the public meeting notice via email, mail and/or hand delivery (door-to- door).

The fact sheet(s) will also be posted within the vicinity of the project site and visible to the public. For example, they may be posted on some streetlight lampposts or bulletin boards located in the lobby of residential complex buildings or public facilities such as libraries, schools, or community centers within the project site. The meeting notice and fact sheet will be posted at the following locations:

- Cohoes City Hall
- Waterford Town Hall
- Cohoes Public Library
- Waterford Public Library

5.4 Distribution of Notice of Complete Application

Once NYSDEC determines the application(s) for the proposed action/project is complete and provides the Notice of Complete Application (NOCA) to the applicant, the applicant will distribute the NOCA and draft permit, if applicable, to the meeting attendees and

C.T. MALE ASSOCIATES

any identified interested parties, to provide notification regarding the start of the NYSDEC public comment period and to announce the deadline for submission of written comments to NYSDEC. If the NOCA is available at the time of the meeting, the applicant will distribute the NOCA at the public meeting. If the NOCA is not available at the time of the meeting, the applicant will provide explicit instructions on how to access the repository.

6.0 DOCUMENT REPOSITORY

An online document repository has been established for the community and interested stakeholders to access and review information about the project. The online repository available at www.shelter-ent.com will provide information and documents relating to the project and permit application.

The repository will be updated throughout the application process with project-related information and written materials (i.e., application forms and supporting materials, draft permit, fact sheet, statement of basis (where applicable), the Notice of Complete Application provided by the NYSDEC, etc.).

7.0 SUBMISSIONS

7.1 Final Summary Report and Written Certification

Upon completion of the public participation plan, the applicant will submit written certification to NYSDEC to certify that it has fully executed and complied with the approved PPP. The certification shall be signed by the applicant, or the applicant's agent, and submitted to NYSDEC prior to a final decision on the application.

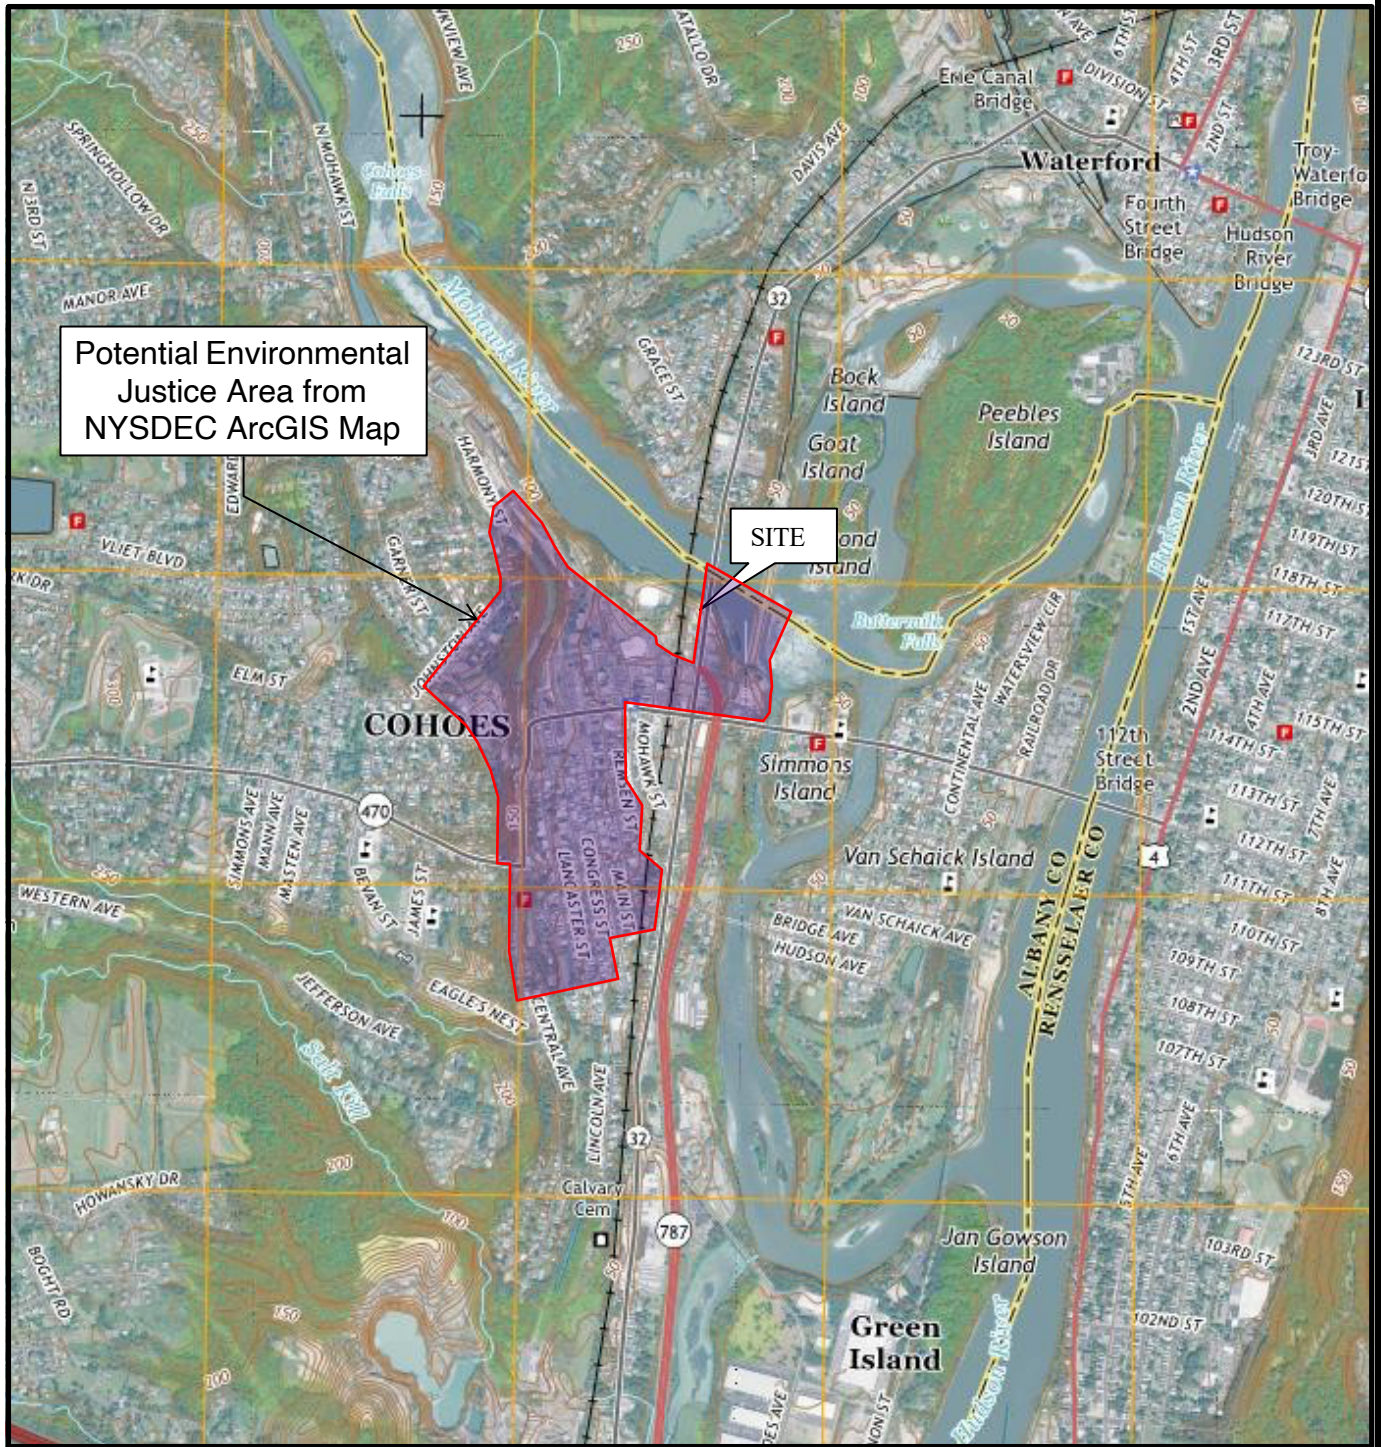

As part of the certification, the applicant shall submit a final summary report documenting the implementation of this PPP. The report will summarize the activities that occurred in accordance with the PPP and will identify any substantive concerns raised by stakeholders during the public meeting, or, at any time throughout the permitting process and detail the applicant's response(s) to any such concerns or questions. The applicant will include, or append, any documentation that supports the final summary report, such as: the meeting sign-in sheet(s), record of attendees/participants, meeting presentation, notes or minutes, summary of questions and answers, and copy of newspaper notice or other proof of publication. In addition, the report will identify any changes or modifications to the proposed project that were made or considered by the applicant to address or reduce concerns surrounding the permit application.

C.T. MALE ASSOCIATES

The final summary report and written certification will become part of the application record and will be maintained in the document repository so that it is readily available to the public.

Appendix B
Public Meeting Notice

YOU ARE INVITED

Public Meetings
<<8/28/2024 >> at 5:00 pm
Cohoes Senior Center, Dining Room

**Shelter Enterprises, Inc. NYSDEC
Air State Facility Permit Application**

Shelter Enterprises, Inc. has submitted an application to the New York State Department of Environmental Conservation (NYSDEC) for an Air State Facility Permit to replace an Expired Permit previously issued to the facility which does not include any facility modifications. A Public Participation Plan has been developed in accordance with NYSDEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29). The purpose of this meeting is to inform the public about the project and to involve the community during the NYSDEC permit application review process.

Agenda:

- Facility Overview
- Background
- Application Information
- Community Impacts
- Mitigation Measures
- Questions and Answers

Your Attendance is Important!

Project personnel will be available to answer questions from the community. For additional information on the proposed project:

- Contact: Dustin Pusatere by phone at 518-237-4100 or by email info@shelter-ent.com
- Visit the repositories at www.shelter-ent.com

Contact the project liaison to request reasonable accommodation for a disability or interpreter services in a language other than English, so that you can participate and/or to request a translation of any of the event documents into a language other than English at least 2 weeks prior to the meeting.

Appendix C
Fact Sheet

Shelter Enterprises, Inc. Fact Sheet

- **Project:** Reissue Expired NYSDEC Air State Facility Permit
- **Applicant:** Shelter Enterprises, Inc. (SEI)
- **Facility:** Existing SEI Facility located at 8 Saratoga Street Cohoes
- **NYSDEC Application Number:** 4-0103-00057/00002)
- A Public Participation Plan (PPP) has been developed in accordance with NYSDEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29)

What is the Proposed Project?

SEI is a manufacturer of Expanded Polystyrene building material products for residential, commercial, and civil markets. The facility's previous NYSDEC-issued Air State Facility Permit expired on June 22, 2021 and this application seeks to reinstate the permit to continue operations as previously permitted. The project does not contain any construction or modification to the facility or its operations. The facility continues to operate using a Thermal Oxidizer to control emissions of pentane generated during manufacturing operations. Manufacturing operations do not include the emissions of hazardous air pollutants or Greenhouse Gases beyond those generated from natural gas combustion, and the facility has capped emissions of Volatile Organic Compounds below major source thresholds. To implement the proposed project, SEI has submitted an air permit application to NYSDEC to authorize operation of the facility under the same conditions as previously issued under the expired permit. The purpose of this fact sheet is to inform the public about this proposed project and to involve the community during the NYSDEC permit application review process.

Why does Shelter Enterprises, Inc. need this permit?

- SEI operates a manufacturing facility with activities having air emissions which are not exempt from requiring an air permit from NYSDEC.
- The facility's Air State Facility Permit has expired and requires reissuance.
- The applicant seeks to continue operations under the existing terms and conditions of the expired Air State Facility Permit.

How might the project affect the surrounding community?

- The facility will produce air emissions which will be controlled by engineered air treatment systems to levels which comply with the NYSDEC's short-term and annual guidance values.

How can I participate in the permit review process?

- Attend the upcoming public meeting scheduled for 8/28/2024 to learn about the project, ask questions and/or express concerns about the project.
- Ask questions, express concerns, provide input or submit by comments in writing, by phone or email to the project contact person identified below.

Where can I get more information about the proposed project?

- Visit the document repository at the Cohoes or Waterford Public Library to obtain application materials, relevant documents, and information about the project.
- Contact Dustin Pusatere by phone at: (518) 237-4100, by email at: info@shelter-ent.com or in writing at: 8 Saratoga Street Cohoes, NY 12047 for information on the project, instructions on how to attend the upcoming public meetings, or to find out about the status of the permit application and public comment period.

Who is responsible for reviewing the Permit Application?

- NYSDEC Region 4 Office, 1130 N. Westcott Road, Schenectady, NY 12306, is responsible for reviewing/issuing permits. (518) 357-2373; email: kristen.peek@dec.ny.gov

Reuniones Publicas

<<8/28/2024>> at 5:00 pm

Cohoes Senior Center

Shelter Enterprises, Inc. Solicitud de permiso de instalación estatal aérea del NYSDEC

Shelter Enterprises, Inc. ha presentado una solicitud al Departamento de Conservación Ambiental del Estado de Nueva York (NYSDEC, por sus siglas en inglés) para obtener un Permiso de Instalación del Estado Aéreo para reemplazar un Permiso Vencido emitido previamente a la instalación que no incluye ninguna modificación de la instalación. Se ha desarrollado un Plan de Participación Pública de acuerdo con la Política 29 del Comisionado del NYSDEC, Justicia Ambiental y Permisos (CP-29). El propósito de esta reunión es informar al público sobre el proyecto e involucrar a la comunidad durante el proceso de revisión de la solicitud de permiso del NYSDEC.

Agenda:

- Descripción general de la instalación
- Fondo
- Información de la aplicación
- Impactos en la comunidad
- Medidas de mitigación
- Preguntas y respuestas

Su asistencia es importante!

El personal del proyecto estará disponible para responder preguntas de la comunidad. Para obtener información adicional sobre el proyecto propuesto:

- Contacto: Dustin Pusatere por teléfono al 518-237-4100 o por correo electrónico info@shelter-ent.com
- Visite los repositorios de las Bibliotecas Públicas de Cohoes o Waterford

Póngase en contacto con el enlace del proyecto para solicitar adaptaciones razonables para una discapacidad o servicios de intérprete en un idioma que no sea el inglés, para que pueda participar y/o para solicitar una traducción de cualquiera de los documentos del evento a un idioma que no sea el inglés.

Hoja informativa de Shelter Enterprises, Inc.

- **Proyecto:** Volver a emitir el permiso vencido de la instalación estatal del aire del NYSDEC
- **Solicitante:** Shelter Enterprises, Inc. (SEI)
- **Instalación:** Instalación SEI existente ubicada en 8 Saratoga Street Cohoes
- **Número de solicitud de NYSDEC:** 4-0103-00057/00002)
- Se ha desarrollado un Plan de Participación Pública (PPP, por sus siglas en inglés) de acuerdo con la Política 29 del Comisionado del NYSDEC, Justicia Ambiental y Permisos (CP-29)

¿Cuál es el proyecto propuesto?

SEI es un fabricante de productos de materiales de construcción de poliestireno expandido para los mercados residencial, comercial y civil. El permiso anterior de instalación Air State emitido por el NYSDEC expiró el 22 de junio de 2021 y esta solicitud busca restablecer el permiso para continuar las operaciones como se permitió anteriormente. El proyecto no contiene ninguna construcción o modificación a la instalación o sus operaciones. La instalación continúa operando utilizando un oxidador térmico para controlar las emisiones de pentano generadas durante las operaciones de fabricación. Las operaciones de fabricación no incluyen las emisiones de contaminantes atmosféricos peligrosos o gases de efecto invernadero más allá de las generadas por la combustión de gas natural, y la instalación ha limitado las emisiones de compuestos orgánicos volátiles por debajo de los umbrales de las principales fuentes. Para implementar el proyecto propuesto, SEI ha presentado una solicitud de permiso aéreo al NYSDEC para autorizar la operación de la instalación en las mismas condiciones que se emitieron anteriormente bajo el permiso vencido. El propósito de esta hoja informativa es informar al público sobre este proyecto propuesto e involucrar a la comunidad durante el proceso de revisión de la solicitud de permiso del NYSDEC.

¿Por qué Shelter Enterprises, Inc. necesita este permiso?

- SEI opera una planta de fabricación con actividades que tienen emisiones atmosféricas que no están exentas de requerir un permiso de aire de NYSDEC.
- El Permiso de Instalación de Air State de la instalación ha expirado y requiere una nueva emisión.
- El solicitante busca continuar las operaciones bajo los términos y condiciones existentes del Permiso de Instalación de Air State vencido.

¿Cómo podría afectar el proyecto a la comunidad circundante?

- La instalación producirá emisiones atmosféricas que serán controladas por sistemas de tratamiento de aire diseñados a niveles que cumplan con los valores guía anuales y a corto plazo del NYSDEC.

¿Cómo puedo participar en el proceso de revisión de permisos?

- Asistir a la próxima reunión pública programada para el <<DATE>> para aprender sobre el proyecto, hacer preguntas y/o expresar inquietudes sobre el proyecto.
- Haga preguntas, exprese inquietudes, proporcione comentarios o envíe comentarios por escrito, por teléfono o correo electrónico a la persona de contacto del proyecto identificada a continuación.

¿Dónde puedo obtener más información sobre el proyecto propuesto?

- Visite el repositorio de documentos en la Biblioteca Pública de Cohoes o Waterford para obtener materiales de solicitud, documentos relevantes e información sobre el proyecto.
- Póngase en contacto con Dustin Pusatere por teléfono al: (518) 237-4100, por correo electrónico info@shelter-ent.com o por escrito a: 8 Saratoga Street Cohoes, NY 12047 para obtener información sobre el proyecto, instrucciones sobre cómo asistir a las próximas reuniones públicas o para conocer el estado de la solicitud de permiso y el período de comentarios públicos.

¿Quién es responsable de revisar la Solicitud de Permiso?

La Oficina de la Región 4 de NYSDEC, 1130 N.Westcott Road, Schenectady, NY 12306, es responsable de revisar/emitir permisos. (518) 357-2373; Correo electrónico: kristen.peek@dec.ny.gov
